

Commitment

The signed commitment must be scanned into a PDF and attached as an electronic attachment to the application.

Application Number:

Project Name in Finnish:

Signature of the project leader responsible for the project, i.e. the Applicant

If the requested grant is awarded, the undersigned responsible leader commits to:

- keeping book-records of the project's expenses if the university or other organisation does not maintain accounts
- ensuring the project is carried out properly and in accordance with the agreed objectives, and maintaining communication with the Nessling Foundation
- reporting annually on the project's results according to the Foundation's guidelines and providing an account of the use of funds through the Nesslink system.

By committing to this, I apply for funding from the Maj and Tor Nessling Foundation for the aforementioned project.

Place and date

Name and signature of the Applicant

Signature of the project implementation site

If the Maj and Tor Nessling Foundation awards the requested grant, the receiving organisation commits to providing the basic necessities for the project and its staff, including workspaces and equipment, telecommunication services and library services for research projects.

Place and date

University and department or other organisation

Name and signature

Position

The purpose of the Maj and Tor Nessling Foundation is to build an ecologically sustainable future. In the general grant call, the Foundation seeks innovative projects and active researchers whose work promotes a sustainability transition that protects natural systems.
